

## **WEEKLY UPDATE**

**June 16, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as Bridgecrest Rehabilitation's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, 1 resident and 1 staff member have tested positive for COVID-19. We will continue to practice enhanced safety precautions and isolation precautions have been implemented as required. Group activities remain suspended with staff providing individual activities for residents. We encourage facetimeing and window visits. Please call the facility and we will assist with the virtual or window visits.

As a reminder, we continue to closely monitor and follow the recommendations of our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 713-340-5200

Sincerely,

*Susan Fox*
