

WEEKLY UPDATE

September 23, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had two (2) residents and eight (8) staff members test positive for COVID-19. There are no Residents that are positive for COVID-19 in the facility. We are testing staff weekly as required and have been COVID free since July 24, 2020.

The restrictions regarding visitation are changing! We will do our best to stay in communication with you regarding the guidelines for visitors. Appointments are still required for visitation at this time. There are no changes regarding virtual visits, window visits, or scheduling time in the visiting booth. Please contact the facility for assistance with scheduling a visit.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 713-340-5200.

Sincerely,

Susan Fox
